

## Pricing of packages

We present to you a list of all our products, intended for non-verbal communication in assisting people with special needs.

We offer tools in three categories: the Accessibility Box for Medical Entities, the Accessibility Box for Administration Entities, and the Tailored Accessibility Box for the individual needs of the Client.

### **Accessibility Box contains the following materials:**

## The Accessibility Box for Medical Entities

### **Tools for medical centres:**

- Icon table - Clinics (typical in medical centres, e.g.: family doctor, paediatric, surgical)
- Icon table - Specialists (typical in medical centres, e.g.: family doctor, internist, cardiologist, diabetologist)
